

The Australian Truck Drivers' Memorial is located on the Hume Highway in Tarcutta, NSW, halfway between Melbourne and Sydney (Australia). This memorial was established in 1994 to honor those drivers who have been killed whilst performing their duties behind the wheel.

Unfortunately each year the memorial wall continues to grow and more names are added which creates a need for us to seek more sponsors or donations to support this valuable project.

Each memorial plaque on the memorial wall is sponsored by companies and their company logo is placed above the names on the sponsored plaque, which is everlasting recognition for their contribution, and is viewed, by thousands of visitors to the memorial each year.
